DEAFNESS CAN BE CURED!

COFFIN'S ETHEREAL OIL—A prompt and infallible remedy for *DEAFNESS*, also for pain and discharge of matter from the Ears.

Hundreds of cures in cases deemed utterly hopeless have fully established its superiority over every former Medical discovery.

This valuable Acoustic Medicine is a compound of four different Oils one of which the nature and principal ingredient is obtained from the head of a certain species of Whale and a new and effectual agent in the cure of Deafness.

Persons who have been deaf for 10, 15 and even 20 years have been permanently cured by using this Oil. In fact volunteers to send so emphatic have been the testimonials in its favor, that the inventor claims for it the distinction of an Infallible Remedy in all cases, when the Ear is perfect in its formation.

For further particulars and evidence of its great value, see printed sheets in the hands of Agents.

DR. S. O. RICHARDSON'S CONCENTRATED

Sherry-Wine Bitters.

THE Proprietor of this medicine offers to the public the result of an extensive practice and a thorough investigation of the laws which govern the human system

It cannot be denied by those who have become acquainted with the singular virtues of these Bitters that they possess a pre eminence over all others now in use for the diseases which they profess to cure

It is a well known fact, that most diseases arise from a derangement of the Stomach and Bowels, in youthful adult and declining life

The extensive sympathies which exist between these and every other part of the living body, is the foundation of Nervous Diseases of all kinds—Irregular Appetite, Languor Drowsiness, Wandering Pains, Headache Lowness of Spirits, &c

And these in their turn give birth to Dyspepsia, Palpitation of the Heart Shortness of Breath, Jaundice Pales Fever Inflammatory Humors, Coughs and a host of diseases which embitter life and poison all sources of enjoyment

The distinguishing characteer of these Bitters is their surprising operation being more or less powerful according to the violence of the disease When used in appropriate quantity in cases of slight derangement of the Stomach and Bowels, caused by costiveness or a slight bilious difficulty and the like where nature needs assistance to prevent more serious consequences, they will be scarcely felt

On the contrary, in obstinate cases they frequently operate more powerfully causing two or three evacuations daily until the circulating fluid becomes purified This accomplished they rest on the system in connection with our food, assisting mutual assistance until the constitution is restored to a state of health and renewed vigor

Vegetable Internal Remedy
FOR THE PILES!

☞ **A Cure for Life Secured.** ☜

For the cure of Piles Inflammation of the Liver and Bowels Inflammation Soreness and Ulceration of the Stomach Bowels Kidney and Bladder Inflammatory and Mucous Rheumatism Impurities of the Blood and Inflammation of the Spine and for the relief of Married Ladies.

THE VEGETABLE PILE ELECTUARY

Discovered by Dr A Upham, a distinguished Physician of New York city in the only really successful remedy for that dangerous and distressing complaint the Piles, ever offered to the American public

More than an INTERNAL REMEDY—not an external application and will cure any case of Piles, the bleeding or blind internal or external and put a stop to the itching that will There is no mistake about it as a positive cure—*speedy and permanent* It is also a convenient medicine to take, and improved the general health in a remarkable manner

Each box of the above medicine is at $1 50 per box, it can be sent by mail to any part of the country without danger External application are in the most distressing cases of Piles not necessary and if desired can be done by the use of the above medicine Those who have used the Vegetable Pile Electuary speak highly of its results, and, REMOVING THE CAUSE renders the cure CERTAIN and PERMANENT

INFLAMMATORY DISEASES

A thorough trial of this Electuary will fully prove that it is the best remedy ever offered to the public for all diseases of an inflammatory character such as Inflammation of the Liver and Spleen Inflammation, Soreness and Ulceration of the Stomach Bowels Kidneys and Internal Organs and Membranes Rheumatism, with Heart Affections, are also cured

IMPURITIES OF THE BLOOD

For all cases of the Blood arising from the impurities of Mercury or other causes, for a mild course of the Vegetable Pile Electuary is especially desirable and will effectually drive out of the system and eradicate DR UPHAM'S ELECTUARY is confidently offered

TO MARRIED LADIES.

Married Ladies whose constitutions subject to that terrible disease, the PILES will find in the Vegetable Pile Electuary one of the best Stomach Bowels and Spine strengthening and invigorating medicines ever offered to the public, and in cases of Pregnancy it is a safe and powerful Cathartic that can possibly be used with perfect safety at that critical period

Ladies who are troubled with the Piles and who are unwilling to expose themselves to a Physician will find the Vegetable Pile Electuary a safe and sure remedy

CURE FOR LIFE GUARANTIED

The Electuary contains NO MINERAL Medicines Above all it will Gamboge or other poison and can be taken by the most delicate lady or child without fear of taking cold while under the influence of the medicine or change in diet necessary If so directed as to the directions, A CURE FOR LIFE IS GUARANTIED

GREAT SUCCESS OF UPHAM'S
PILE ELECTUARY.

Portland Me March 14, 1847.

Dr Upham—My dear Sir I cannot express to you my sincere and heartfelt thanks for the wonderful cure I have experienced by the use of your truly valuable Pile Electuary I have been a perfect martyr to the Bleeding Piles for 10 years past so much so that I became reduced to almost a skeleton with loss of appetite and general derangement of the digestive organs My sufferings became extreme and I could get no rest day or night I had tried all kinds of medicine and had the best physicians in the country to attend me but found no relief until I purchased a box of your Pile Electuary which in less than a week afforded great relief and in a short time effected a perfect cure I am happy to say to you that I am now in the enjoyment of perfect health and can recommend your Electuary as being the most safe and effectual remedy for the Piles that I have ever used

Yours truly, JAMES RIDDER, Jr.

IMPORTANT MEDICAL NOTICE.

DR. PETERS has REMOVED from Endicott street to No. 13 Wilson's Lane, (OLD Old a few steps from Dock Square—where he can be consulted in all cases of Diseases of a delicate nature Dr Peters has been in practice in Boston for the last seven years and is now acknowledged to be the most experienced Physician now advertising for the cure of certain maladies He can and are unlimited—his knowledge of delicate diseases unbounded he spares no pains or expense to relieve those who honor him with their confidence.

In Seminal Weakness,

his experienced eye, at once discovers the state and cause of the evil, without first experimenting to ascertain it a location of the disease, as do Quacks and Nostrum venders. He perceives the difficulty at once, and applies the right remedy

In Chronic Affections

of the Bladder, he is always sure of performing a perfect cure—having a perfect knowledge of the organs affected, and the proper medicine to be applied.

In Gonorrhœa,

a single glance enables him to ascertain the precise state of the disease and to apply his *astonishing remedies* to the particular parts, and the complaint will disappear in a short time after the application, never to appear again

In Syphilis

his medicines stand in the first rank of the medical world—removing the disease from the system, no matter of how long standing or difficult a cure be

Also, the following diseases come under the special care of Dr Peters—viz Kings Evil—Salt Rheum—Tetter—Cutaneous Affections—Seminal Weakness—Nocturnal Emissions, supposed to be induced by secret bad habits when young, &c &c

To Females

Dr Peters would say that he has a perfect knowledge of their system and can warrant them a perfect cure from all complaints peculiar to their sex the following are a few of the complaints which come under his particular notice—viz Suppression Irregularities of the Menses—Whites—Pains in the Back and Sides—Falling of the Womb—Green Sickness &c &c

N B Persons at a distance can consult Dr Peters by letter *post paid* describing their complaints and inclosing a ten dollar bill Direct Dr Peters No 13 Wilson's Lane, Boston Mass Medicines can be sent by Express to all parts of the United States and the Canadas

To Strangers,

Dr Peters would say that at this establishment can be taken at any time, and are peculiarly fitted for either the business or pleasure man. Those who are about taking medical advice, will call upon Dr Peters he will give them ample proof of his abilities in performing a perfect cure, however protracted their case may be dlm oct 15

Important to Parents.

WINSLOW'S
CANADIAN VERMIFUGE!
A CERTAIN REMEDY FOR WORMS

THIS remedy is for those children more easily administered than any other

The GREAT DESTROYER OF DEATH among children is to be attributed to Worms They give rise to numerous diseases, and are the more fatal because frequently suspected, with persons in general that are not aware that any essential derangement in the health can be caused by worms, while many children would not *die* if *cured* of the symptoms

Worms are follows Convulsions, restless sleep, grinding the teeth, paleness of the face, fever, dullness of the eyes, starting in sleep, slimy stools, sickness at the stomach, loathing of food, with occasional vomiting &c

Winslow's Canadian Vermifuge has required a reputation which it justly merits, and is *universally approved* as the most safe and certain remedy in the known world, and in every instance *it never fails* to give the most perfect satisfaction, where *prompt and efficient* in its action and entirely free from ingredients which have any injurious effect, the health of the patient being always improved even when no worms are discovered Physicians prescribe it, and to use the language of one in high standing who resides in Cleveland Ohio, consider it the only article of the kind he ever saw that was so uniform and prompt in expelling worms as it may fade the pale cheek with the utmost confidence, as it *has never been known to fail*, this is the reason why *all* who have used it will not use any other

We have in our possession a number of certificates from physicians and others of the highest respectability who all testify to its superior efficacy and recommend it as a never failing remedy

READ AND BE CONVINCED.

We the undersigned have been duly administered a medicine prepared by Mr John Winer of this town designated "J Winer's Canadian Vermifuge" and being fully satisfied with its efficacy confident to recommend it as a safe and efficient remedy for the expulsion of worms from the intestinal canal

Messrs J Winer & Co, Sirs—My child at five years of age was for more than two years severely afflicted with worms during which time we gave her different medicines recommended in such cases but they produced no beneficial effects I at length procured a bottle of your Canadian Vermifuge and gave it to her which caused her to pass a large number of worms, since then she has been in the enjoyment of perfect health From my own experience I would recommend your Vermifuge as being the most safe and effectual remedy for worms now in use Yours truly,

RUST PROOF IRON,
FOR
ROOFING WINDOW SHUTTERS, &c

THE subscribers beg to call the attention of all those interested in roofing to their GALVANIZED IRON PLATES, and to the many advantages which they possess over all metallic and other substances hitherto used for the purpose, possessing as they do, the strength and lightness of iron without its liability to rust having now been tested several years, both in this country and in Europe They are also less subject to expansion and contraction from sudden changes of the atmosphere than common Tin Plate Iron Zinc &c or any other metal now used for roofing and consequently offer a much better and tighter roof, requiring far less frequent repair whilst the first cost is but a trifle more

The subscribers would also call the attention of all dealers and workers in metals to the many other purposes to which Iron thus protected can be applied In general terms it is applicable to all articles of use to which it is desirable to protect from the action of the atmosphere And they would especially call the attention of those interested in BRAIDING PINE and other GALVANIZED Wire which is now almost entirely used in Europe and which answers every purpose as a conductor of electricity, costing only about one half as much as copper and possessing equal durability with that metal

Having extensively erected works in this city for the purpose of galvanizing Nails Spikes Bolts Wire &c, they will be able to furnish any article which may be desired A supply of Plates (manufactured in Europe) constantly on hand from 16 to 32 wire gauge

WEDNESDAY, NOVEMBER 17, 1847.

Telegraphic Despatch to the Boston Traveller.

New York, Nov 15, 3 o'clock, P M

Anti-War Meeting at Lexington, Ky.—Mr Clay's Speech.

The proceeding of this meeting have been received at New York Resolutions were offered, (probably by Mr Clay,) the subject of which were the cause of the present Mexican war, the preliminary causes of which was deemed to be the annexation of Texas, The immediate cause was the unauthorized and unconstitutional order of the President in sending troops from Corpus Christi to the R n Grande

Congress being Constitutionally the war making power the body ought to declare for what purp se the war ought to be further prosecuted, and it was the duty of the President to confirm su h declaration Should he refuse, it would be th right and duty of Congress to withdraw means to direct the further prosecution of the war, making ample provision for the safety and security of our army in Mexico

If Mexico should refuse to conclude a treaty of peace that should be prosecuted with vigor until peace is attained. He was utterly opposed to the annexation of Mexico to the United States in any mode, but especially by conquest

The two nations could not be governed by the same authority, owing to the great difference in the laws, language, and religion, and the vast population and territory of each

Such a Union could only be maintained by exercising a despotic sway over the Mexicans One resolution positively and emphatically disclaims any wish or desire to acquire any foreign territory whatever, for the purpose of propogating or introducing slavery from the United States into any such foreign territory

Another resolution recommends that the friends of peace throughout the country hold meetings to express their views on this subject

Mr Clay spoke about two and a half hours — He said that the opponents of this war had been compared to those who opposed the last war, but the comparison was very unjust

The last war was one for which the people had sufficient cause. This is a Presidential war. Had he (Mr Clay) been in Congress, he would have voted supplies, but would not have voted the lie but that war existed by the act of the Mexican Congress

It should be declared at the coming session of Congress, what are the objects of the war, and what should be the condition of peace, and if the President would not comply, he should be impeached He said it was absurd to ask indemnity of a people who had nothing to give

As to annexation he considered it madness,— He would undertake to adjust the boundary difficulty in sixty hours

Mr Clay declared himself strongly opposes to the further extension of slavery, and deeply deplored its existence, but its immediate extinction could not be expected He considered the refusal to annex any further territory as the wisest course that could be adopted

The resolutions offered were unanimously adopted

Later From Brazos.

Accounts from the Brazos say, that the mail escort under Lieut Watson was attacked at Rinos, the mail lost, and two Americans and the Mexican driver killed

Carrevajal and Canales are said to be plotting for the independence of Tamaulipas.

The health of Matamoras is reported to be improving

The captain of a Spanish vessel was lately murdered near the Brazos

From Vera Cruz.

The inhabitants of Orizaba have petitioned for Gen Scott a protention. It is reported that Gen Cushing is to go there

A large Mexican force is said to be posted near Cerro Gordo, for the purpose of attacking Gen Patterson s train

Gen Quitman is to take Gen Taylor s place during his absence from the Rio Grande

From Mexico.

The Atlisco National says that Pena has been elected President by Congress Almonte and Pena were well received at Queretaro Murders in Mexico are becoming rare

There are reports of a pronunciamiento at Victoria in favor of separation from Mexico and annexation to the United States

The Republican Deputies of Congress have left Queretaro for Zacatecas A pronunciamiento has also been made in Guadalaxa

The State of Michoacan had declared itself independent of the General Government.

Santa Anna had complied with the orders of Pena, and with great Eclat marched to Zitacuan

An official account of the battle of Huamantla admits full defeat

Election News.

Berrien and Dawson have been nominated as U S Senators, by the Whigs of the Georgia Legislature. 30 Whigs and 29 Democrats have been elected to the Louisiana House of Representatives Tompkins (Whig) has 1400 majority for Congress in Vicksburg district

It was rumored at Vienna that a change of ministry was about to take place in the Austrian Court.

The Pope had issued a decree instituting a council of state, to consist of 'recommendable persons' from each of the Pontifical provinces, to aid his holiness in the government of the Pontifical State

The intelligence from Switzerland is still contradictory, but, on the whole, appears more pacific in its character The Berne Diet met on the 18th of Oct, and a conciliatory spirit is said to have been manifested by the majority

A telegraphic announcement from Washington, of the 13th, states, on the authority of the Union, that Gen Scott's despatches of September 13th were received, giving account of all the battles up to that time They were voluminous, and were to be published the next day

Far her Particulars from Mexico.

From the New Orleans Delta and Picayune of the 4th and 5th inst, we gather some particulars in addition to what have been already communicated by Telegraph

Mr Bankhead, the British Minister, arrived at Vera Cruz from the city of Mexico on the 29th ult, in a very feeble state He was guarded into the city from Jalapa by Capt Fairfield s Rangers, and will leave Vera Cruz in the English steamer

A duel has taken place between Capts White and Worthington, of the Louisiana regiment, weapons unmeets Capt Worrington was severely wounded

A severe Norther commenced on the 22d ult, and continued to rage with great violence until the 29th On the 23d the steamer Ann Chase, and sons Annie and Odell were driven ashore

It is thought that the Ann Chase will be got off. The steamship New Orleans, Capt Auld, arrived at Vera Cruz from Tampico, with a load of sailors on the 22nd, and after unloading, returned to Tampico for coal, where she encountered the full force of the gale, but through the able seamanship of Capt A she was saved

Another duel was fought about the 24th, between Capt Porter of the rifles, and Capt Archer of the voltigeurs At the second fire Capt Archer was shot in the abdomen—a severe but not a dangerous wound

The home sic Col Gonzales a Mexican officer, at the city of Mexico, was ordered by order of Capt McKinstry, of the U S Department and in it was found a quantity of clothing, ammunition, pistols, swords, drums, &c belonging to the United States which were taken away

The death of Capt Walker is fully confirmed by a later arrival It is stated that he was shot by a cannon ball from a masked battery, about twelve miles from the main road, at a point some sixteen leagues from Puebla The ball also killed Capt Lovell, Georgia Mounted Company, and eleven men are also reported to have been killed in the same action

Another account says,—

Capt W left the castle of Perote in command of three companies in advance of Gen Lane's train Nine miles south of Puebla he met 800 Mexicans said to be under the command of Santa Anna In charging, Capt W received a lance wound entirely through the body, and also lost a leg by a cannon shot His person antagonist in the charge and who lanced him was a celebrated guerrila chief, it is said he had sworn vengeance against Capt W But he, too fell in the conflict, and by Walker's hands, receiving two balls from his revolver

There seems to be but little doubt that a force of Americans have entered and taken possession of Orizaba Accompanying this expedition were two field wagon many American merchants, whose goods for a long time had been lying on their hands in Vera Cruz, for lack of a market and who readily availed themselves of the opportunity to take them into the interior for trade with the natives

The steam frigate Mississippi arrived at Vera Cruz on the 22nd ult

Gen Marshall is still at Vera Cruz and will not be able to go up with Gen Patterson He will wait till Gen Butler s division arrives

The steamer A B Hulbert, Capt Baker arrived at Vera Cruz from Mobile on the 30th He had to throw overboard all his horses having encountered awful weather The steamer Florida was in the same gale, and had to throw over board all her mules

The guerrillas are on the road between Querretaro and the capital, and are plundering every traveller they meet

A letter dated the 12th ult, received at the capital from Queretaro, says Penny Penn had just arrived, in company with few deputies, making the total number in the capital about fifty It was thought says the Star, either more would be made out ento organize a Government which would settle the question of peace or war If a quorum of Congress could be assembled, the first question which would be brought up would be the Presidency Nearly all the officers of the dispersed army were at Queretaro and it is said found it hard to obtain subsistence

The military force at Queretaro consisted of about 1000 cavalry and infantry with six pieces of artillery from Guanajuata, under command of Gen Heredia

The Star of the 16th, published in the city of Mexico says the assassination of American soldiers by the Mexicans had again commenced

Earthquakes, says the North American of the 20th ult, are at the present time of very frequent occurrences in the beautiful country A few days ago the village of Ocotla was totally destroyed The Cintra de la Baxa has also suffered a severe shake, throwing down houses and the tower of the principal church We have had four of these unpleasant visitors in this city since our occupation of it

The "Mexican Eagle" is the name of a new Mexican Journal, just commenced at the capital The editor does not believe in opposing obstacles to any negociations that may lead to an amicable adjustment of the difficulties, and says that Providence has decided the destiny of the nation The following is the substance of a motto at the head of the Eagle "An honorable peace ennobles nations, and the magnanimity of the North will not let them offer us terms other than honorable"

Gen Ganeon and Bravo have been exchanged for Lopez Brady and Gen Clay, and other Americans on prescrib There has been a revolution in Guadalajara Mr Kendall thinks Gomez Farias is at the bottom of it

☞ The St Albans (Vt) Republican states that several influential families, members of the Episcopal Church, have recently joined the Roman Catholic Church in that place, and it is understood that nearly one half of the St Albans Union Church is inclined to the same faith The Catholics out number every other denomination in the place, and contemplate, in the spring, building a splendid edifice for public worship

The New Orleans Picayune states that several letters have been received thereby from Washington all stating that Gen Scott has been ordered to have nothing more to do with truce, armistices or negotiations, and either, that the road between Vera Cruz and Jalapa must be opened.

☞ The name of the Iron Works in township No 6, adjoining Brownville, has led many to suppose that the works are located at Mount Katahdin, and that the mountain itself is of iron

☞ No 183 of Littell's Living Age has been received from the Bookstore of Ashmun & Gould, Hosmer & Smith & Co. This number contains much interesting reading for those long seances

Yesterday commenced the retaliating measures on the part of our government against the restrictive measures of the British Government respecting the transmission of letters and other mailable matter All matter not prepaid will go no further than the lines. The British Post Office arrangements will not allow the circulation of matter through their mails carried to England in American mails unless prepaid the ocean postage They must now recede and reciprocate with the United States or each will hold to the restrictive system in what, of all things should be the freest possible, the diffusion of intelligence

There is a growing desire throughout the civilized world for a general, world-embracing system of cheap postage and rapid communication This desire, so reasonable, must be gratified and our people should be agitating the matter of lessening the rate of postage in this country The Post office stamps, for which we now pay five cents each, should be but two cents and then let all letters be prepaid

PENOBSCOT COUNTY TEACHER'S INSTITUTE

Monday, Nov 15, 1847

AFTERNOON

The Institute met agreeably to adjournment

The Chairman of the Committee, J B Hayes Esq of Brewer, to whom was referred the subject of Rules reported verbally, in substance as follows —

That this committee consider it almost an necessary to propose any "Rules of Order" to Ladies and Gentleman of the character of those who attend this Institute That it is sufficient to say this is in all things to be a "Model School That their own views of propriety, and their self respect would be sufficient guarantees for their proper deportment

That for these reasons the Committee considered any written report unnecessary Your Committee would suggest that no member of the Institute in any wise mar the happiness or hinder the progress of the Institute

The Committee recommend promptness in the attendance of its members, and that they do not leave unless indispensably necessary as all noise occasioned in this way would disturb the Institute and for the same reason that there should be no whispering, no rustling, or movement of the feet to make a noise—that all movements for relief or business should be made with the greatest possible silence—that all unnecessary noise in an Institute, a school, or religious meeting or any assembly is a gross insult to the audience and all present justice by saying *We do not want to hear, and we do not wish others shall What the speakers say is not worth he hearing*"

The Committee said it had been hinted to them that at one of the Institutes there was a bell and much disapprobation was manifested

The Committee said they would not insult the Institute by supposing that its members would demean themselves in such a way as necessarily to incur the disaprobation of any part of the community

The Committee particularly recommend to the Ladies not to chew tobacco Not that the committee would interfere with their rights in this matter further than to say, some ladies were you may go may be a little instructive in this matter and it would be well to conform to their wishes so far as the principles of etiquette require

The report was accepted

The Institute here separated for exercises in the two High School rooms

The first division, recited a lesson in arithmetic by Mr Worcester

The second division were exercised in reading by Mr Woolson

These exercises were continued until five o clock

In the evening the Institute met at the Hammond street Vestry and listened to an illustrated Lecture on Anatomy and Physiology by Dr Cutler

SECOND DAY

Tuesday Nov 16

FORENOON SESSION

The Institute met at Market Hall in the morning, the numbers considerably increased from yesterday, now reaching about one hundred and fifty

Prayer by Rev Dr S L Porroy, Pastor of the first Parish Congregational Church in this city.

Dr Porroy delivered a lecture upon the Bay and City of Naples, Mount Vesuvius, the cities of Herculaneum, Pompeii, &c as witnessed by himself in his late eastern tour

At the conclusion of the lecture the Institute divided and proceeded to the two High School rooms for exercises

The first division which yesterday met at Mr Worcester's school room, assembled in Mr Woolson s room Mr Woolson gave a short lecture on the usual mistakes in pronunciation Then followed select readings by one of Mr W s pupils

A short musical entertainment and a song, and then exercises in reading by the whole division

The second division in Mr Worcester's room received a lecture on the manner of teaching the four fundamental rules of arithmetic — A short recess After which Mr Worcester gave an illustrated lecture on Astronomy

Adjourned

Hancock County Teacher s Institute.

We learn that the Institute in Hancock county was entirely satisfactory to all who attended the exercises, and as will be seen by the following, met the hearty approbation of the town in which in which was held —

At a meeting of the citizens of County of Hancock, held at the Town House, in Bluehill, on the 12th of November Immediately after the Teachers Institute was dissolved. John Stevens, Esq, was called to the chair, and P S Peters, Esq, chosen Secretary

A committee consisting of Hon B W Hinckley, Rev Jotham Sewall, Rev Lebbeus Kingman, and Isaac B Osgood and Joseph Hinckley, Esqrs, reported the following Resolutions which were unanimously adopted

Resolved, That it is the duty of the people to second the efforts of their Government in bringing about a reform, and an improvement in the system of common school education suitable among us, and in no way can they do it more effectually, than by cherishing the plans adopted by the Legislature for attaining those purposes

Resolved That so far as the present system of a Board of Education, with the functions of its Secretary, and the Teacher s Institute, has been developed, our hopes and our expectations of its complete success become stronger and more confident

Resolved, That, upon a careful examination, the manner in which the Teachers' Institute has been conducted here by Mr. Gilman, the Principal, and Messrs Tourtelot, Libby and Bawson, his Assistants, meets, not only our approval, but our admiration. That the instructions and discourses in the art of communicating knowledge—in arousing the attention of pupils—in preserving order in school—in the division of time—the arrangement of classes—in the punishment of offences—in the use of the different text books—in the method of impressing upon the youthful heart the rules of propriety, morality, and religious truth, and in the various other matters connected with the intellectual tuition, which have been so clearly expounded and practically illustrated, must necessarily have a vast and beneficial effect upon the schools in this county, if they shall be faithfully practiced by the members of the Institute

Resolved, That one efficient mode of sustaining the system, would be for the School Agents to give a preference to those, who have been taught in the Institute, above those, who have neglected that opportunity of perfecting themselves in the business of instruction

Peter Waggin's Letter.

BANGOR, Nov 16, 1847

To Mrs Polly Waggin, Upper Salt Lick, Salt River

My Dear Polly

I told you in my last letter that there was a dreadful time in the church but I didn't mean that the church was to blame It is the actions of the ungodly that causes he church to mourn You see they leave what they call a he see um where every body goes to hear the great men lecter, and see em lie, I spose thats why they call it heseeum, they send away to foran parts, such as Bostin, and the like, and get all the men of talons to cum here and lecter on any subject they are a mind to, now thats what made the trouble, they'd orter gin em a text and let em preach from that, but instead of that they let em preach anybidelity & a the amond shake spear, and one on em preached a whole evening about burns, and you know as well as I do that they cant scare up any thing that is half so good for burns and scalds too as aunt Nabby's specific—but what alarmed the church most, was a story that one on em told about some people that live in the Hand of Nowhere, how they use to warg a red string tied round the last joint of the little finger, and how'if they had to believe that a square was round, and that a circle was a square, and some other curious customs, Well, old Deacon Slowcum was there, and he'd never read about any such people, and he dident believe there was any such, but thought it was all a story made up for the occasion, and thought it had a terrible squinting towards our church, and so he goes right away to the monster and tells him about it, and the way he gin it to his hearers the next Sabaday want slow—he gin it to em as old parson Eaton used to say, hip and thigh Well you see the next day, which was Monday, there was a terrible commotion, and one Dr Jordan that he'c pull the teeth out of the monster, and so he wrote a grate long piece agin the church and published it in a paper call'd the Mercury, but I dident read it, cos I've always been opposed to marcury in any form, it has such an effect upon the teeth, but a great many did and such a handling as the Doctor's article got given what the paper cum out you never did see in all your born days, some condemned it cos it was so long, others that it was too short, some thought it was a very flimsy affair, and some it just suited to a hair Well you see there it was—the church on one side, and the inphidels and the cagedly on tother, and Jordan roll'd between—well, you see the church did think of putting a stop to the hheeum altogether, but I rather hope they wont and I gess if the people get up a petition they'll let it go on a spell longer, there is some danger of the pillars of the church becoming, in these great zeal, the caterpillars which destroy every green thing and she-e any's great many green things in the church

There aint no theater here now and if there was I wouldn't go for I got enough of that when I was here last, so you needn't fear about my morrals.—When I first come down I thought the womans was orfull homely, but they'se ither changed or I have, I don't know which, but they look considerable handsum now, the nothing to be compared to you I want to see you very much, and hope to love long Your loving husband tel death,

PETER WIGGIN

☞ Dr. Wistar's Balsam of Wild Cherry.

This is a chemical extract of Wild Cherry & Tar Every body knows that Wild Cherry possesses important medicinal properties and Tar water has always been admired in Consumption and Lung affections generally, by our oldest and safest physicians Various remedies, it is true have been offered and puffed into notice for the cure of diseases of the lungs and some have been found no doubt very useful, but of all that have yet been discovered, it is admitted by physicians, and all who have witnessed its effects that none has proved as successful as this. For Asthma Shortness of Breath, and similar affections, it may be pronounced a positive cure It has cured Asthma in many cases of ten and twenty years standing, after physicians had declared the case beyond the reach of medicine

This Balsam is made from materials which Nature has placed in all northern latitudes, as an antidote for diseases caused by cold climates.

CONSUMPTION CURED!

BY THE IMPORTANT SUCCESS OF

Buchan's Hungarian Balsam of Life.

THE GREAT ENGLISH REMEDY,

FOR

COLDS, COUGHS ASTHMA and CONSUMPTION!

This ... Cough Asthma, or any form of CONSUMPTION, warrants an American Agent in selling for the benefit of the WORST POSSIBLE CASE that can be found in the community, even that which is given up by the faculty—Even one trial of the remedy will convince the most incredulous of its superior healing virtues, as confirmed by the most distinguished Physicians as mentioned in the UNDERBILL. The Hungarian Balsam has cured and will cure the MOST DESPERATE of CASES. It is no quack nostrum But a sound old English Medicine, of known and well tested efficacy.

TO THE CONSUMPTIVE!

Every family in the United States should be supplied with Buchan's Hungarian Balsam of Life, not only to counteract the consumptive tendency of the climate, but to be used as a preventive medicine in the case of colds, coughs, spitting of blood, pain in the side and chest, hoarseness and soreness of the lungs, bronchitis, difficulty of breathing, hectic fever, night sweats, obstruction and general debility, asthma, influenza, hooping cough, and croup

In case of actual disease of the lungs, or united Consumption, it is the ONLY SURE UP HOPE

Sold by McDonald & Smith, Sole Agents for the United Kingdom, at the Italian Warehouse Regent St London, and in different cities, in shops best suited to the interest of the Agents; and by the doctors in Medicine generally

PATENTS.

AMERICAN AND FOREIGN OFFICE,
And Agency of the U S Patent Office, Washington
22 State Street—Boston.

THE subscriber, by appointment from the Commissioner of Patents, is Agent of the U S Patent Office for the purpose of receiving and forwarding to the Office all such models, specimens of ingredients, and manufactures, as shall be intended to be patented, or deposited therein, which will be received and forwarded, free of expense and risk, to their ostensure, and with all possible despatch. The subscriber will prepare Caveats, Specifications, Assignments, and all the necessary Papers and Drawings, will make researches into American and Foreign works, for establishing the validity or utility of inventions, and render advice on all legal and scientific matters respecting the same. Patents procured in Europe and other countries.

By applications at this office, inventors can avoid the time and expense of a journey to Washington and delay there. as well as all personal trouble in obtaining their patents. The experience of the present member—an extensive collection of recent works, specifications, &c., in mechanical subjects and the Patent Laws—and patents in different countries, collected at much expense during many years, will enable him to give information which will be found valuable to inventors. He has established an office in Washington, where he keeps an agent in attendance to transact business for applicants. Letters must be post paid, and contain a remittance sufficient to cover the expense of the Patent Office, which is $30 for the United States, and $50 for the British Provinces.

American prize, $5 per bottle, with full directions for the restoration of health

Pamphlets, containing a mass of English and American certificates and other evidence, showing the general merits of this Great English Remedy, may be obtained of the Agents, gratis

None genuine without the written signature of the American Agent on a gold and bronze label, to counterfeit which is forgery.

M'Alister's ALL-HEALING Ointment,

FOR THE CURE OF Colds, consumption, bronchitis, asthma, scrofula, scurvy and all cutaneous eruptions, for burns, bruises, ulcers, sores of all kinds, and general debility

This celebrated Ointment has a most surprising effect upon the blood in the system, it frees it from all impurities, and thereby gives a healthy action to the organs of life, for the origin, cause and cure of disease, it is the most interesting and useful work on Universal Basics for the time it embraces. Part

The great character of the nature of the plan of the author, is that he treats the popular and fashionable systems of treating and curing diseases as being contrary to certain principles and proceeds to give the history of a rational system through which a sure and speedy cure of every disease may be obtained, with some other matters which must be of great importance to every one in considering as to the cause of the popularity of the world from the various empirical from the list of quackery, with great simplicity and perspicuity—and the work cannot fail to recommend itself to the reader

The present edition is comprised of two handsome printed volumes containing 1400 pages neatly bound and are offered at the low price of Three Dollars A liberal discount made to those buying to sell again or to teachers having for their schools A well assorted and post paid supply attended to All orders by mail post paid

THE
GRAFFENBERG PILLS.

THERE are two best words given for the reasons why these Pills of Medicines denominated "PATENT," should be regarded as means of inestimable and enduring blessings to the human family Because, for example, it is a high order obtained, long and extensive observation, and great medical learning and experience are brought to bear upon the invention and manufacture of a Pill. Why may not this long devotion to the division of medical science be crowned with the success of a thousand times as many of mankind—cure and relief in all cases of disease? There is no reason, and it is but the simplest dictate of the simplest reason to say that a Pill thus produced will be a perfect as article as can be made by man. *Twenty-five years devotion* to any one project will give a man death by the mastery over it. This labor has been bestowed upon the

Graefenberg Vegetable Pills

and they are presented to the public with claims unparalleled in the whole history of medicine

It will be seen, in tracing the history of all great inventions, that they were not made or discovered until the arrival of what may be termed THE FULLNESS OF TIME The mariner's compass, for instance was not invented in the "full light of time" it was needed. The *loadstone* for valley at many a day, but he never knew what a wonderful and unerring guide was to be secured in its silent home, until the Divinity appointed it an hour near when distant coasts, seas and islands were to be unveiled. It had it now transferred to the bare city of the adventurous mariner, enabling him to search far away upon the untrack'd ocean, instead of timidly sailing within sight of familiar land or rocks!

So with the discovery of the New World, upon whose shores was to arise this Great Nation to a power, a glory, a mission so far beyond the conception of the wild est fancy The Old World had reached its highest eminence in the fulness of time Drove upon the shores of the New, and behind the immense Ocean rolled from its foreheads the dark cloud and dusky vesper, found it! So would the invention or printing of steam, of the magnetic telegraph Each of these had its own "fullness of time" to shed, nurture and Providential

☞ IN MEDICAL SCIENCE THE SAME GREAT PHILOSOPHICAL PRINCIPLE IS EQUALLY MARKED Most beautiful are the illustrations and proofs of this which are to be found in the history of the world We can trace them from the Mosaic dispensation down to the present hour, all of human origin as the lesion and giving us the hope that *something yet better* to heal human and suffering is at hand

That this principle is as true of Medical as of Physical science is clearly shown in the

GRAEFENBERG GAZETTE,

which is furnished gratuitously to all who wish it.—The

Graefenberg Pills,

are deemed by all who have tested them to be an invaluable addition upon all other medical combinations and discoveries hitherto known and they are announced as

THE GREAT REMEDIAL TRIUMPH

The essence of these Pills exists in theory upon no sectarian dogma of ordinary medical teachers Planting themselves upon the revelation of the

ALMIGHTY CREATOR,

that

"THE BLOOD IS THE LIFE,"

he requires that his subscribers and his patients *make pure the life current* that keeps the organs healthy and strong, before they can hope for a PERMANENT cure. He has found that one grand test and source of cure for bad blood is pure health must come from a pure blood

By a most natural thought here comes in! So countless are the specifics which proclaim to relief upon the public by pretenders, and so quite so well founded are the assertions advertised, that the reader may be slow to believe in this Great Remedy A word therefore, on this point

In the first place READ THE GRAEFENBERG GAZETTE which will show conclusively that these Pills have done more than any other medicine ever discovered, and that the reader may be slow to believe in this Great Remedy A word therefore, on this point

In the second place, TRY THE PILLS It will cost but the merest trifle, and I will venture to say that no medicine which you will obtain a thousand times that sum will do you as much good as a box of these Pills

A thousand times a thousand of the minds of these liver cases which they would relieve and restore to health, but the limits of this advertisement forbid But let any one afflicted with the following diseases make trial of the Graefenberg Pills and they will be PERMANENT CURED!

Asthma	*Flatulency*
Bilious Complaints,	*Fluor Albus, or Whites,*
Colds	*Gastric Fever,*
Bowels deficient action in,	*Gout, Sickness,*
Brain Pains,	*Organs,*
Cellar &	*Hot flushes,*
Constipation,	*Headache,*
Cough of Pregnancy,	*Hysterics,*
Costiveness,	*Ideal presence of Urine,*
Diarrhea	*Itch, cause*
Difficult Breathing,	*Inflamation of vital parts,*
Dropsy	*Inflammation of the stomach,*
Dyspepsia Consumption,	*Jaundice,*
Digestion imperfect	*Liver complaints,*
Disposition of Blood to	*Loss of sight*
Dysentery	*Nervous disorders,*
Erysipelas,	*Neuralgia,*
Epilepsy	*Rheumatism,*
Fever—Low Nervous Remittent, Intermittent, Yellow and Typhus	*Stomach, various diseases, Whites.*

In all the acute or chronic diseases these Pills achieve the most wonderful triumph THERE THEY DEFY COMPETITION And as the quickest publicity of the American institution is to these diseases, they are aptly styled

The Pill of the New World.

Their wonderful efficacy in these complaints arises from their power TO OPEN THE PORES, CLEANSE AND STRENGTHEN THE STOMACH AND BOWELS, MAKE THE BLOOD FLOW HEALTHILY AND CLEAR AND TO GIVE TONE AND STRENGTH TO THE SYSTEM
